

## **DIMENSIONS**

## DATA IN mm

- A 820 970 (adjustable legs)
- B 600
- C 4,282 (L400 -L400-L400-L2,995 conveyors)\*
- D 630 (for W280 conveyors -without buckets-)\*\*
- \* These measurements correspond to the sum of the separation, infeed, weighing conveyors and the 8 optional rotating blades grading system conveyor. Grading system for products of up to L200 x W280 mm and up to 500 g. For other sizes, contact us.
- \*\* For other sizes, contact us.

# **Specifications:**

## **Outstanding functions**

- Weight grading.
- Orders management.

## Weighing

- Type of weighing:
- · Dynamic or static.
- Ranges depending on the dimensions of the weighing conveyor:
- $\cdot$  6 kg/2 g or 10 kg/5 g with conveyor of up to L400 x W400 mm.
- $\cdot$  15 kg/5 g, 20 kg/10 g, 30 kg/10 g, 40 kg/20 g or 60 kg/20 g with conveyor of up to L600 x W500 mm.
- · 3 kg/1 g or others, contact us.

# Grading system (optional)\*

- Grading system type:
- · "Air-jet®"
- · Pneumatic piston.
- · Rotating blade.
- Number of ejectors:
- · From 2 to 8.

#### • Position of the ejectors:

· They can be located on the same side or opposite sides.

## Construction

- Structure:
- · AISI 304 stainless steel and anodized
- Belts:
- · Material and characteristics: Polyurethane, rigid or elastic depending on the equipment range. With FDA approval.
- Console:
- · Material: Stainless steel.
- · "Qwerty" keypad and graphic backlit LCD display.
- · 15" TFT touch screen, optional.

#### **Communications to PC**

- Ethernet TCP/IP.
- RS-232.

#### **PC Software**

- RMS: For equipment configuration, production data management and back up (LBS).
- DCS: For production data management.

# Power supply & compressed air

- Electrical: 230 V/50 Hz; 115 V/60 Hz.
- Air: max. 150 l/min (at 5-8 bar) (if grading system is included).

# Possible integration with other equipment

- Dibal LS-4000 and LS-4000+ automatic weigh-price labellers.
- Aligner.
- Misaligner.
- 90° deflector.

#### **MODEL:**

# GW-4300+/400

## No ejectors

- 1 separation, 1 infeed and 1 weighing L400 x W280 mm conveyor.
- For products of up to L300 x W280 mm and up to 6 kg (in dynamic weighing). Up to L350 x W280 mm in static weighing.
- Without grading system (check for options).
- Performance\*\*: 150 packages/minute (with products of up to L150 mm and 2 kg). In MID conditions (M).

<sup>\*</sup> All the grading systems (pneumatic piston, "Air-jet®", etc.) depend on the type of product/packaging, required speed, collection system, etc.; please always check with Dibal.

<sup>\*\*</sup> Maximum performance will depend on the size, weight and morphology of the product, as well as on the regularity of the infeed of the products, the grading system and the MID conditions (M).

# **Options**

> Touch screen console

> Split belt

Option	Characteristics	Ref.
Touch screen console	TFT 15".	Contact us
Grading by "Air-jet®"	Up to 8 ejectors + 1 straight output. For model GW-4300+/400.*	Contact us
Grading by pneumatic piston	Up to 8 ejectors + 1 straight output. For model GW-4300+/400.*	Contact us
Grading by rotating blade	Up to 8 ejectors + 1 straight output. For model GW-4300+/400.*	Contact us
L400 x W280 mm separating conveyor	For model GW-4300+/400.	Contact us
L350 x W200 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L600 x W280 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L800 x W280 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L800 x W280 mm weighing conveyor 4 load cells, not MID (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L600 x W400 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L400 x W400 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us
L800 x W400 mm conveyor (to replace L400 x W280 mm conveyor)	For model GW-4300+/400.	Contact us

# **Accessories**

**Motorised conveyor** 

Input/output conveyor L1,000 x W280 mm, with smooth belt.

Dibal Vision artificial vision camera

Contact us about applications.

Barcode readers

Contact us about applications.

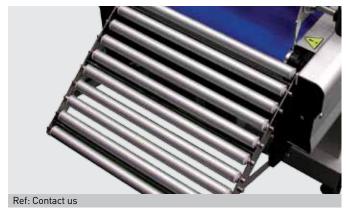

**Rollers conveyor** 

 ${\sf Rollers}\ conveyor\ for\ transporting\ or\ accumulating\ products.$ 

**Rotating table** 

To collect wrapped and/or labelled products.

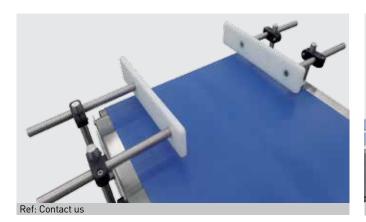

W280 mm exit ramp

Non-motorised PVC rollers for W280 mm conveyors.

**Exit ramp for classified products** 

**Product guiding system in infeed conveyor (standard)** For special guides, contact us.

Ref: Contact us

Polycarbonate protector for weighing conveyor

To avoid external disturbances during the weighing process.

**Product turning device** 

To change the position or orientation of the products.

4 wheels with brakes

Stud included.

24V visual and audible alarm
