Personnel and Material Hoist

Platform:

Landing level safety gate

GEDA[®]
UNI-MAST

An ingenious system: can be used on all GEDA rack and pinion hoists from 300 kg to 2,000 kg load capacity.

Work economically and flexibly in future with just one mast system!

The 1.5 metre mast sections are easy to put together and are secured with captive bolts and secured nuts.

MULTILIFT P6

Load capacity	
Persons	6 persons
Material	650 kg
Lifting height	100 m
Lifting speed	12/24 m/min.
