

VNG 753

Setting tool for folding blind rivet nuts
Pneumatic-hydraulic | stroke-controlled

The special **HONSEL** tool for folding rivet nuts.

These can be set quickly and easily thanks to their **very long stroke** of up to 15 mm and correspondingly **extended mandrels**.

Folding blind rivet nuts are used wherever delicate parts have to be joined and the riveting forces have to be distributed gently over the large folded setting head in order to protect the material.

Family facts on the **HONSEL** pneumatic tools on page 65.

Nosepieces / mandrels

361800008613	Mandrel M6
361800008813	Mandrel M8
311800000206	Nosepiece M6
311800000208	Nosepiece M8

Spare parts

321801000074	Lock nut M18x1
361802191075	Lock nut M9x0.75
