

PLANTER 710

Stainless steel

Specifications

Plant pot with curved sides that taper at both ends. The base has apertures which may be sealed with a perforated plate cover. The container stands on rectangular tubes which serve as supports for hoisting equipment. The apertures of the tubes can be covered with removable caps.

Mounting

Free standing element

Finish

- Stainless steel 1.4301 with powder coating in standard RAL colours or DB 703
- Other colours available on request at a surcharge
