

# GEAR LOCKER PLUS

## clever dirty-clean separation

The PLUS gear locker allows private clothing to be safely locked away, while turnout gear can be stored open and ready to hand. The lockable compartment has a hat shelf, clothes rail and hooks. Alternatively, the private compartment is available as open version with lockable valuables compartment..

### Body:

- torsion-resistant, made of sheet steel
- aluminium clothes rail made of oval profile with three non-twisting, non-tilting metal hooks
- two material hooks fixed at the side, position can be changed as needed
- perforated base plate
- smooth, easy-clean surfaces
- height-adjustable feet made of square tubing (fixed feet as an option)

- helmet compartment with recess for buckle-free storage of the neck protector
- recessed shelf makes it easier to store large helmets

### Door:

- fixed by sturdy stainless steel bolts
- opening angle ca. 110 degrees
- rubber pads to reduce noise
- with letter slot

### Variants:

- private compartment in 20, 30, 35 or 40 cm width
- open or lockable version
- feet, plinth or wall assembly
- zinc-plating

### Inner dimensions (ca. HxWxD):

- open compartment: 145 x 40 x 50 cm
- helmet compartment: 29 x 40 x 50 cm

Dimensions HxWxD in cm

192 x 60 x 50  
192 x 70 x 50  
192 x 75 x 50  
192 x 80 x 50

### Helmet compartment

Helmet compartment with cut-out guarantees storage without buckling the neck protector. The perforated shelf ensures sufficient ventilation of the helmet.

### Locks

As standard, the gear lockers are equipped with a cylinder lock or latch lock. Further locks can be installed on request.

### Paintwork

The high-quality powder coating of body and doors is available in almost all RAL colours. Light grey, Flame red and Gentian blue are included in the price.

### Rugged metal hooks and clothes rail

The sturdy clothes rail with three metal hooks reliably carries heavy equipment and ensures easy removal. The position of the two material hooks at the side can be changed as needed.

You can find further information about our range of high-quality steel furniture on our website. We would be pleased to send you our catalogue and advise you on site or on the phone.
