Stages for Procurement Activities;

“ Procurement is a Way of Art “

What We Do;

From zero to hero procurement and supply chain services on behalf of our clients including:

- Supply market analysis & Sourcing
- Technical specification validation and development
- Procurement planning and strategy
- Value engineering study to catch the target under budget.
- Preparing RFP/RFQ packages, incorporating both engineering and commercial requirements
- Issuing the RFP/RFQ packages to the vendors and bid collections on time
- Responding to pre- and post-submission clarifications
- Formulating the commercial bid evaluation and recommendation to estimate, to shortlist & negotiate, and for award
- Recovering the payment terms in line with customer’s financial standarts.
- Contracting of suppliers and contract management
- Preparation of “Procurement Cash Flow” within the frame of payment terms
- Definition and implementation of quality assurance and inspection
- Organization of transportation and inspection
- Logistics management
