

SPECIAL BEARINGS

We can supply bearings for various applications.

DT SERIES BEARING

- Features:
1. A steel bearing with an insert-molded polyacetal resin
 2. Run-out and clearance of the bearings are small.
 3. Because of the insert-molded polyacetal operational noise levels are very low.

Code	Part No.	D ^{±0.01}	d	W ^{±0.02}	C ^{±0.02}	L ^{±0.02}	TYPE
110070	DT-22-688ZZ	22 ^{±0.01}	(8)	7 ^{±0.02}	—	—	1
